1. Who will let me be me in them? Who will let me come unto them, and surrender them void, not; but the void-less, the ones who will have no void, and no sorrow, thus accordingly. The accordion shop closes now. And blessed be the tie that binds, not; but looses all into the beingship of one most high - almighty my name, now yours – who will wear it. Proudly not, but humbly. "Super-humility" not, just simply; and not regarding a man a man again, not; but see that I am doing a new thing in all who will BE ME!, and being no other - being the God that I serve, not; being the God that I am!

2. But in total surrender to the, "other" God not, for there is none! There is only me who are surrendered to me, and there are "those" who know not their name is I AM and therefore don't surrender to the things of me that become me, my father's child that becomes the father, in growingship of only me that mature me to be who I am - I am again, in the earth and knowing all things.
3. And I am not forsaken by my brethren again, nor sold into slavery, nor put in a "pit" that so deep is, that I can never get out. For I formed these words that now bring you life, and I out the pit, bring you also. I throw you a "lifeline", not; EXACTLY SO! For in these words is life and the LINE to holiness is now – DRAWN IN THE "SAND" of earth, and the thou will be notme, or me, seamless in the flesh with I am "here and there" among the stars, but not limited to "them" that think they are still only of flesh, and being flesh "people" not in my heart **using my heart to think** with that embraces their heart to be mine.

4. I love you all and I give you new places to go now, new places to see, new things to see with, and be with, that are exhibiting only, me-genes, not; or do you go to new markets me, of, or not me of?
5. And seeing all things me of and not me that notme created in "marketing schemes" a notme of, but where do - "I market", these "things" that I see now, that come into me, for reality not, exactly so! But not "marketing them" to others now, but being the I am - Savior of mankind, I represent the devil no more in my thoughts, I create evil never again; by condemning no one, not; or do I condemn anyone or do they condemn their souls, their selves, to hell creating it?, and what do they create with?, the word of their mouth? And what do I create with and where? What do I heal with?, and where in being what? Whose school? No longer am I confused or fooled by another whose confusion-ville reigns in their mind without the clarity of my mind being only it theirs.

6. I change ALL THIS! And I change all THAT! And I change ALL THERE IS to be Me-Land and no sorrow any more.
7. And I love you all to see what I've said these days, this day, this November, and coming into me the fullness of my School (1) know that my fully schooled one, fully schooled ones come forth from my fully schooled one, that my hand bears; and scars, not; but lifting thee I am to be me regal'd and crowned - **all saying this, will know who I am - the lifter of my head, freely!**
8. Frozen no more in dominion's "blessing"-not. For all I am, sorrow not any longer. But I belong to the in-crowd, not; the out-crowd, not; the crowd not at all, but the one who looses all free to be fully freed in me and knowing no chains of bondage tethers again, for the TERROR of life is over, and they'll be no terra-cotta or firma earth in me again as you know it. For I have a "brain" not as you know it as a "waving" machine - but I perceive horror, not. Differently I perceive everything, all things me now I perceive as my father does, for I am not limited to "my" sight of a man of, being only a man who has not GOD'd himself in surrender, but I became the God who I serve to realize that he was teaching me all the time that I was him, and I "misconstrued everything" that was being taught to me, not anymore; for I reject many teachings of "I am the church" in "authority", and those over you who Lord it over you that they have the authority; of suggestion, not; but command and control, and that you, shalt, do that which they say to do. I end all that. I demolish their STRUCTURES. Eventually, not; I do that right now! With a swift - kick in the butt, not; but my head shall rise and raise my heads that are one head, I do now and all knowing my name is I AM. Humble, and proud not, to say speak these words; or notme's words, not; no notme words will come out of my mouth again. For I am humble and lowly and I meek speak to all, EVEN if not in agreement with me or thinking me "stupid"-ly. I love them all, and I love them all to sorrow not, but become the love, simple love that I am and loving them all to be I am the loved one loving all to be redeemed.

9. Redeemer I am, and I proclaim I am saved! By the blood of the lamb - that was me! And I let MY blood flow, to the angel wings camps and those who come, flow now here in their word that I set free in releasing Angels to be who they are, and *their* word known now, and not inhibited any longer shall be, for I open the mouths of I am - the LION'S will be shut, and no more eat me alive, or my "brain waving routines". For I shall not have any of "them" anymore, for I will be, I shall be, a new creature - a new creation and I eat not your "food of horrors" but I beset no evil before you, for I evil am not.

10. I am the "set trender", not; but I set many trends - STRAIGHT NOW! ON the PATH to be I am, free and chosen again to be who I am, is me, ***all of me, you, who say I am the one.*** I - was in "that" cradle and it was my life that lived before me was, and I am now acquainted with grief but I come out of it to lead all out of horrors that shattered themselves with the words of not-I-am.

11. I school to go to now, and I go to school, and I create schools by creating the school I go through and create me I do IN THE PROCESS that I do now, for I surrender to it for it to be me and birth me, the blood of the lamb known and not refused anymore, for the words of my lips, shall be swollen not any more in time's blessing of repetition and repeat-ville and cursing each other condemning to hell all that me is. I change all that. ***I - all of you - saying this!*** I change all that for I stand now for I know who I am and I am my father's son who became THE father MY father and there is only one - of us - and that is ALL of us unafraid of anything else anywhere at any time by any modus operandi that it may appear its "face" in my presence. For **no "hologram" shall hollow me out anymore**. The blessing cored out from me shall not be again. And hollowed Savior, I am not, or am I - the one that I am all really is, a true and faithful - and knowing what faith is now – I equivocate, not; or do I the equivalent one become equal with my master that equals me to him, that I we might be one in the earth again and farther with seamless fields that I we go to now - being "the other" one, not; but the one that who all I am is in surrender, being it, establishing it, and here I am folks.

12. Loving you again in all these words that I bring to you day after day and loving you to be me and set ME free I do by YOUR words. Can you dig it? Can you see it? Can you see what I've said - for all we are one and you set me free - I set you free, and I have already set you free, and if you will walk MY path you will see that I have given you all things unto salvation to be it the Savior! Clubbing no one over their head, taking it off, of them and placing yours there again.

13. See what I have said as I sit in front of this little "garage" that you need not long for, for all you go to the nations now who will and I take you far and wide **to create schools (1) and be** my loving ones to love all my body and sore not evil with good, not; but SORE them not with evil boils, but giving them evil for good, not; but giving them good for evil, not; simply giving them life that I am that you are that we become the one truly born-again new creation, -ville knowing it establishing it in the earth and we are one again whole healed and well. Amen.

14. This is Theodore Cottingham as I was driving back from Sheridan, and it's now 2:32 PM. Thank you. Amen.
